Sanika Mamidwar

Objective

A highly motivated and detail-oriented BBA-CA graduate with a strong foundation in web development and a passion for building responsive, user-friendly applications. Currently pursuing Full Stack Development with AngularJS and Python, seeking an entry-level position as a Full Stack Developer to apply my skills in HTML, CSS, JavaScript, Python, and database management, while contributing to innovative and impactful projects in a dynamic IT environment.

Education

Bachelor of Business Administration – Computer Application (BBA-CA)
BJS College, Pune – Affiliated to Savitribai Phule Pune University

Project

https://sanikamamidwar08.github.io/food-place-website/
Technologies Used: HTML5, CSS3

- Designed a visually appealing and fully responsive food ordering website using only HTML and CSS.
- Created multiple sections such as Home, Menu, About Us, and Contact.
- Structured layout using Flexbox and Grid for responsive design across devices.
